

## Your Digitalization Partner

Architecture | Engineering |  
Construction | Operations  
Individual | Organizational | Global

We are your solution partner in design, project development, BIM training, BIM consultancy and BIM implementation!

We are a group of professionals who have been active in the AECO industry for more than 25 years. Our group consists of members from different backgrounds and generations who contribute from various professional perspectives. Thanks to this diversity, we aim to create a harmony where all AECO professionals can get answers to their questions and needs.
